

**United States Antarctic Program**  
ASC Employees  
Deployment Requirements  
for Information Security Training

## **Information Security Training and Acknowledgement Requirement**

The National Science Foundation has mandated that prior to gaining access to the USAP network, including accessing the Internet from a USAP location, all USAP participants are required to:

1. Complete Information Security Awareness training
2. Sign and return the *Acknowledgement of Information Security Policies and Permission for Use* form

These mandates stem from the Federal Information System Management Act of 2002 (FISMA), and are required for access to the USAP network. USAP Information Security Policies and Enterprise Rules of Behavior can be found at:

<http://www.usap.gov/technology/contentHandler.cfm?id=1563>

As an ASC employee, you will be required to complete your Information Security Awareness Training during orientation prior to deployment.

**You will not be granted any USAP Network access upon arrival (including access to the Internet) if you have not completed these requirements.**

In order to meet the second requirement, fill out and sign the *Acknowledgement of Information Security Policies and Permission for Use* form included in this packet. **Return the completed form (both pages) to:**

**ASC Travel  
7400 S. Tucson Way  
Centennial, CO 80112-0742  
or fax to 303-705-0742**
